TITLE INDEX

- A pilot test of using the veil of ignorance approach to estimate a social welfare function for income, 400
- A proposed framework for monetary policy, 135
- A measure of persistence in daily pound exchange rates, 428
- A note on Forecasting the CAC 40 and DAX stock index futures, 327
- A time-varying parameter consumption model for the UK, 339
- A note on market integration before and after the stock crash in October 1987, 151
- A note on benefit differentials of black and white female workers, 351
- A note on board directors, 103
- A test for rational expectations when some variables are $I(2)$, 42
- A behavioural approach to sovereign debt reschedulings, 64
- A note on tobacco product prices in the Australian CPI, 473
- A decomposition method for analysing inter-group income differences with an application to Catholics and Protestants in Northern Ireland, 34
- A comment on some recent estimates of economies of scale in higher education, 227
- A choice-theoretic and information-oriented approach to the short-run characteristics of real and nominal interest rates, 191
- Academic staff salaries: equity and exploitation, 469
- Age and inter-county net migration in Great Britain, 107
- Aggregate health care expenditure in the United States: new results, 419
- Alternative transformations in a class of limited dependent variable models: alcohol consumption by US women, 258
- An explanation of the slowdown in US economic growth, 91
- An almost ideal system with autoregressive disturbances for diary products in Greece, 169
- An empirical note on the impact of college athletics on tuition revenues, 383
- An alternative approach to testing uncovered interest parity, 478
- An analysis of the structural change in the exchange market pressure: Korea, 1980-89, 80
- An empirical test of the effect of the return interval on conditional volatility, 156
- An option pricing theory explanation of the increase in the divorce rate, 174
- Analysing the property-gilts yield differential, 12
- Are devaluations effective in inducing real depreciations in sub-Saharan Africa?, 437
- Assessing health care infrastructure at the regional level: a statistical approach, 463
- Asset reallocation with interest rate swaps, 27
- Asymmetry in the variance of economic activity: evidence for long-run UK GDP, 415
- Autocorrelations, returns and Australian financial futures, 323
- Bilinear quadratic ARCH and volatility spillovers in inter-war exchange rates, 215
- Capacity utilization in the USA and inflation: testing for cointegration and Granger causality, 355
- Changes in the extent of financial integration within the European Community between the 1970s and 1980s, 184
- Changes in volatility of the sterling-Deutschmark exchange rate: the effect of ERM membership, 291
- Children and the economics of Christmas gift-giving, 295
- Co-integration relationship between terms of trade and current account deficit: the Australian evidence, 130
- Cointegration and market efficiency: a time series analysis of the Greek drachma, 271
- Day of the week effects: new evidence from an emerging stock market, 139
- Differentiating use and non-use values with the properties of the variation function, 388
- Does profit-sharing work in a centrally-planned economy? Evidence from the Chinese state industries, 126
- Does trading volume have a unit root?, 144
- Does generalizing density functions better explain urban commuting? Some evidence from the Los Angeles region, 148
- Does layoff risk explain the firm-size wage differential, 211
- Dynamic Farrell efficiency: a time series application, 363
- Economies of scale in state lotteries: an update and statistical test, 115
 - English league transfer prices: is there a racial dimension?, 220
 - Equilibrium models of asset pricing with progressive taxation and tax evasion, 440
 - Estimating the returns to college: a longitudinal analysis, 255
 - Estimating efficiency by cost frontiers: a comparison of parametric and nonparametric methods, 86
 - Evidence on volatility spillovers in the interwar floating exchange rate period based on high/low prices, 394
 - Ex ante hedge ratios and the hedging effectiveness of the FTSE-100 stock index futures contract, 56
 - Exchange rate market efficiency: further evidence from cointegration tests, 196
 - Expectations-augmented Phillips curve: further evidence from state economies, 248
 - Exponential smoothing and spurious correlation: a note, 76
 - Export-led growth hypothesis: some empirical testing, 177
 - Externality effect of the USA total, federal and state government expenditures on private investment, 1960-91, 23
 - Factor price equalization: revisited, 223
 - Foreign direct investments bias the net external asset position, 83
 - Graduated work incentives and how they affect marital stability: the Canadian evidence, 367
 - Heteroscedasticity and other misspecification issues in the market model, 380
 - History versus expectations: test of new growth theory, 491
 - How sensitive are trends to data definitions? Results for East Asian and G-5 countries, 1
 - IGARCH and variance change in the US long-run interest rate, 113
 - Inflation uncertainty and real economic activities, 460
 - Information shares in Canadian agricultural cash and futures markets, 335
 - Interest rate linkages within the European Monetary System: an alternative interpretation, 45
 - Interpreting adjustment cost effects under asymmetry: a note, 236
 - Intertemporal solvency and breaks in the US deficit process: a maximum-likelihood cointegration approach, 231
 - Is money more productive in a developing economy?, 118

- Is it real? The relationship between real deficits and real growth: new evidence using long run data, 98
- Kaldor's technical progress function revisited, 302
- Lifetime income distribution: households versus individuals, 122
- Long-run and short-run money demand: which price deflator to use? Some evidence using New Zealand data, 199
- Market reactions to several popular trend-chasing technical signals, 449
- Measuring the effects of regulation: an event study of the English and Welsh water industry, 359
- Measuring inter-national differences in income: a distribution approach, 239
- Misspecification of the market model: the implications for event studies, 163
- Moment condition failure in high frequency financial data: evidence from S&P 500, 288
- Monetary policy, output and inflation in Bangladesh: a dynamic analysis, 51
- Money, output and prices in Turkey, 38
- New evidence regarding the statistical properties of the FTA500 UK stock market index, 110
- Nonlinearities in business cycle: SETAR models and G7 industrial production data, 422
- Omitted variables, dynamic specification and tests for homogeneity, 372
- On the relationship between debt ratio and debt maturity, 484
- Optimal lag length in estimating Dickey-Fuller statistics: an empirical note, 188
- Optimal time-phasing of investment: a consolidated spurious model, 321
- Political empowerment: earnings in the presence of African-American mayors, 298
- Preliminary findings on the economic effects of Greek military expenditure, 16
- Property crime and unemployment: a new perspective, 159
- Purchasing power parity doctrine: weak and strong form tests, 316
- Quasi-real bonds: inflation-indexing that retains the government's hedge against aggregate-supply shocks, 487
- Relative price dispersion and inflation: evidence from Taiwan's Hyperinflation, 457
- Resource prices, supply shocks and output fluctuations, 180
- Returns and firm size: A note on the UK experience 1970-1991, 331
- Satellite broadcasting and match attendance: the case of rugby league, 343
- Scale and technical efficiency in the production of economic research, 7
- Seigniorage versus inflation tax: a comment, 412
- Structural change in the relationship between presidential popularity and inflation and unemployment: the Nixon and Ford presidencies, 305
- Suicide, homicide and unemployment, 278
- Test of variable output and scale elasticities for 20 US manufacturing industries, 284
- Testing long-run neutrality of money: evidence from the UK, 347
- Tests of covered interest parity: a comment, 49
- The implications of cointegration in financial markets, 263
- The pricing of small firm bank finance: evidence from the UK, 208
- The causal relationship between taxes and expenditures in the G-7 countries: co-integration and error-correction models, 19
- The foreign exchange market efficiency hypothesis revisited, 311
- The Finnish demand for money revisited: an application of Box-Tiao cointegration analysis and bootstrap tests, 308
- The supply side effects of inflation in the United States: evidence from multifactor productivity, 482
- The human development index and per capita GDP, 166
- The second J-curve and trade account dynamics, 31
- The ex-dividend day behaviour of Finnish restricted and unrestricted shares, 467
- The winner/loser hypothesis: some preliminary Australian evidence on the impact of changing risk, 280
- The effect of race on earnings in the United States, 72
- The relationship between real long-short interest spread differentials and real exchange rates, 432
- The predictability of Finnish stock index futures and cash returns by derivatives volume, 391
- The demand for broad money in the United Kingdom and in West Germany: a comparative dynamic short-run study, 95
- The sizes and powers of some proposed I(1) and I(0) tests for a typical macro-economic time series, 203
- The use of spline functions for forecasting in the presence of structural changes: a cautionary tale, 409
- The treatment of Z factors in price cap plans, 406
- The impact of international trade on the 'in-house' transaction sector: evidence from the United States, 1985-89, 60
- The fractal structure in multinational stock returns, 67
- The choice of functional form and estimation of banking efficiency, 375
- Time aggregation and causality tests: results from a monte carlo experiment, 403
- Union joining: an empirical test of the social custom model, 245
- Unions and the rise in wage inequality in Britain, 266
- Unit roots cointegration and the demand for money in India, 397
- Velocity and the variability of anticipated and unanticipated money growth: a cross-country comparison, 444
